Relevant Experience

Frontend Developer @ Ipsum

2020 // Remote

▷ Web application to manage constructions.

▷ I worked on the configuration part in the web app, so I had to understand the model business quickly.

▷ We use React, Ant Design, PostgreSQL, and Express JS.

Full Stack Developer @ Agencia Aduanal Méndez Rugamas

2021 // Remote

▷ Web application to manage customs procedures.

▷ I wrote the entire application.

▷ I used React, CSS Vanilla, MongoDB, Node JS, Websockets and DigitalOcean.
